InfoChain Express™

The Supply Chain and Vendor Compliance Solution of Choice for Retailers and Brand Owners

The Challenges

As a Retailer or Brand Owner, you face ever-increasing competition and performance expectations. Superior global supply chain management is critical to your success. The rewards are alluring: lower operating costs, reduced inventory, shorter cycle time, less overstock, and less stockout. The challenges are daunting:

- Manage vendor relationships
- Achieve 100% vendor compliance
- Automate electronic communication with diverse supplier base
- Achieve global supply chain visibility
- Obtain floor-ready merchandise from suppliers
- Automate DC receiving
- Achieve cross-docking, direct ship, and DC bypass
- Enable global suppliers with appropriate barcode, ASN, and RFID capabilities
- Ensure accurate packing, reliable data, and compliant documentation from suppliers

The Solution

InfoChain Express is a one-stop-shop supply chain and vendor compliance solution tailored to address the needs of retailers and brand owners. It includes everything necessary to get you up and running rapidly:

1. Web and PC based software, scanners and printers

- **Streamline** and **Integrate** electronic information flow between retailer/brand owner, agents, vendors, factories, consolidators, and financial service providers:
 - PO/ PO Change/ PO Replacement/ PO Cancellation
 - PO Acknowledgement
 - Advance Ship Notice (ASN)
 - Commercial Invoice/ Pro Forma Invoice
- **Standardize** and **Automate** business processes across entire global supply chain:
 - PO management
 - Automated printing of tags, tickets, and labels through Service Bureau or onsite
 - Packing
 - Shipping
 - Document generation
- **Enable** suppliers with critical supply chain capabilities:
 - Electronic commerce/ EDI/ XML/ AS2
 - Automated ordering of tags, tickets, labels
 - Scan-Pack/ Scan-Print
 - Shipment Scan
 - Automated ASN generation
 - Automated Commercial Invoice/ Pro Forma Invoice generation
 - RFID: pallet, carton and item-level

The Solution (continued)

2. Implementation service

- Project management
- Requirements gathering and analysis
- Solution implementation and integration
- Pilot programs

3. Global support and ongoing services

- Global supplier installation
- Training
- Ongoing Help Desk and technical support
- Ongoing system administration and data management

The Benefits

InfoChain Express delivers significant benefits in 3 major areas:

1. Supply chain efficiency

- Automate DC receiving
- Enable cross-docking
- Eliminate manual processes and errors
- Ensure packing accuracy
- Enable direct ship/ DC bypass
- Reduce need for DC pick-pack and re-labeling
- Reduce need for de-consolidation
- Shorten Customs clearance and in-DC time
- Shorten cycle time
- Lower consolidator fees
- Lower financial service fees (e.g. Letter of Credit fees)
- Reduce inventory and safety stock
- Reduce stockout

2. Vendor compliance

- Achieve 100% vendor compliance – include large and small, international and domestic, long-term and seasonal vendors
- Address chargebacks and fines

3. Trading partner relationship management

- Streamline relationships with agents, vendors, and factories
- Provide one independent and neutral data management system to interface with all your consolidators worldwide
- Provide easy and seamless connections with your financial service providers
